Main reasons for tree inventory

- Overview of city assets
- Base for tree maintenance plan
- First step in tree risk assessment

pátek, 16. listopadu 12

TREE RISK ASSESSMENT

- Inventory
- Detailed visual assessment
- Device-supported test

Main reasons for tree inventory

- Overview of city assets
- Base for tree maintenance plan
- First step in tree risk assessment
- Exchange of data with professionals (arborists)

TREE INFORMATION EXCHANGE

(authorised users only)

- Basic description, notes
- Tree works performed
- Cabling/bracing systems installed
- Results of detailed tree inspections

Main reasons for tree inventory

- Overview of city assets
- Base for tree maintenance plan
- First step in tree risk assessment
- Exchange of data with professionals (arborists)
- Communication with public
